

Clarification of 2008 Funding!

6.27.2008

There is a clarification regarding the FY 2008 Budget. The House has restored JOM monies nationwide to 16.5 million and the Senate restored funding to 14 million. This is a change from the first bulletin regarding the budget mark-ups.

The NJOMA Board wants everyone to continue to make contact with their Senators and Representatives. We need to continue to fight for the full 16.5 million. Please contact your Tribal Chief and Councilmen as well.
