

Weleetka Basketball

From the Desk of Jackie White, Region 3A Representative

The Weleetka Basketball team has the distinction of being the #1 Class A team for the entire season but came up short at the State Tournament winning second place. The starting 5 on the varsity team are all Creek Indians, the head coach is Creek Indian, and the 2 assistant coaches are Creek Indian. They won numerous tournaments throughout the school year and have the potential to continue this winning streak next school year. They represented the Creek Nation well!

Union Public Schools received notice that one of their Native Youth has received the 2013 Gates Millennium Scholarship. This is a full ride which includes other support. 54,000 thousand students applied for this scholarship.
